IGT

Who was born and grew in Tuscany knows it. The Red Wine is Sangiovese, for us Tuscan there aren't other grapes. Sangiovese flows in our veins and it is part of our culture and our tradition. This wine is none other than the liquid summary of sweat and tears' centuries past in the vineyards to pamper those loved red bunches. So it is also the colour of the wine ruby red but which has little to do with the precious stone because its heart is simple and strong as the brick from which ageing it takes its colour.
